Sinaucial and Commercial.

The principal business during the week has been

in City of Charleston stock, which the bears have

attempted to force down, with but little success

The impression prevails that, even if the Supreme

Court grant the mandamus in the election case, the

effect on city stock will not be permanently unfavorble, in face of the fact that the city may be expected

to resume the payment of interest in April next. This has encouraged the bulls, and they seem determined to hold their stock for full prices. Yesterday

the stock was in active demand, and 55 was offered

and refused for a large amount. It is doubtful

whether the stock could have been bought for less

Bank of the State bills fell off rapidly when it be

came known that Governor Fcott would not issue the

bonds of the State for the bills which had been fund-

ed. These bills, which sold as high as fifty a week

OPAL DENTALLINA.

A SUPERIOR TOOTH WASH,

For Cleaning the Teeth. Preventing the Formation of Tartar, giving tone to the Gums, and leaving a delightful sensation of Cleanliness and Fragrance in the Mouth. SUPERIOR TO SOZODONT AND CHEAPER.

THIS PREPARATION IS THE RESULT OF THE combined skill of the physician, dentist and apothecary, and it is offered as a RELIABLE substitute for

cary, and it is offered as a RELIABLE substitute for the numerous uncertain washes now in vogue. The microscope has also been called into use, and the researches of a celebrated observer have detected the manner in which the tartar is formed, showing it to be the work of animalcule.

Substances which Freinus found to destroy the life of these infusoria are contained in the Dentallina, and thus it prevents the increase of tartar and consequent loosening of the teeth. It will be found useful to persons in advanced life, giving strength and tone to the gums, while to every one the aroma and sensition of cleanliness after using it will be sufficient recommendation; smokers especially will appreciate its efficacy.

Numerous dentists of the highest standing being acquainted, with the composition of the Dentallina, advocate to prevent its unrestrained employment.

ITS POWERFUL CURATIVE ASSOCIATES PREPARED UNDER A NEWLY DISCOVERED PROCESS

FOR FXTRACTING THE CURATIVE PROPERTIES FROM VEGETABLE SUBSTANCES, EN-TERS INTO THE COMPOSITION OF

RENOVATING

A NEW PRINCIPLE DISCOVERED,

RESOLVEN

DR. RADWAY'S

One Bottle of Resolvent is Better Than Ten Large Bottles of the Advertised Sarsaparillas, or Direct Diuretic ttem-

Physicians wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curring the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in restricted calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spiceu. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping Itching and painful discharges of urine, and its singular power in curing discharges from the Uterus and Urethra, L-ucorrhox, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SARSAPARIL. LIAN used in the Renevating Resolvent differs from ordinary Sarsaparillas! Sars, parillian is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remety that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phicgm and prurelect matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the skin is covered with pimples, spots, pustules, sores, ulcers, &c., the Resolvent will quickly removs these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will five tiout. If the Thoat or Bronchial Glands are ulcerated, the Resolvent will cure these sign of an early waste. Di

impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound and healthy flesh and fibre. The first dose that is taken commences its work of purification and increasing the appetite and flesh.

A REMARKABLE CURE

Sores on the Tongue, Ulcers in the Throat, Sore Gums, Sore Mouth, Sores in the Nose, around the Eyes, &c.,

If recently exhibited, a few bottles will cure. It chronic, or through the effects of Mercury, Polassium, Corrosive Sublimate, from six to one dozen bottles may be required to make a permarent cure.

A GREAT SENSATION!-A GOOD SENSA-TION!

PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Acontine, Ether, &c., was first

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patent of the most violent and exeruciating pangs and throbs of pain, and imparted the delightful sensation of case and comfort.

Every kind of pain, whether Itheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lunge, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and extern inate the pain.

Taken internally, twenty drops to a teaspoonful Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholera, Fever, and Ague, Chills and Fever, Billous Colic, Inflammation of the Bowels, Cramps, Spasms, Diarrhea, Dysentery, and every pain that may exist in the inside of man, woman or child; this was RADWAY'S READY RELIEF of 1847, and it is RADWAY'S RELIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pain-atricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palacet of Sultans. Emperors

necessity, in the palaces of Sultans, Emperors, Kalmos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation in the face of the earth.
